

The Mat-Su Basin Salmon Habitat Partnership invites you to a presentation:

# The Miracle of Salmon

## Richard Nelson

We are so lucky to live with wild salmon in the Mat-Su! Come meet Richard and learn more about the natural history of salmon and why these amazing creatures are so vitally important to our Alaskan culture, economy and ecology.

Richard Nelson is a cultural anthropologist, award-winning author, radio producer and natural sounds recordist. He produced *Encounters*, a weekly public radio program about the natural world and was Alaska's Writer laureate. His latest endeavor is *SalmonWorld*, an online project that explores the miracle of salmon and our human relationship to them. Special thanks to The Salmon Project for sponsoring Richard Nelson's presentation.

**WHEN:** Wednesday, November 18th, 6:30 - 7:30 pm (doors open at 6 pm)

**WHERE:** Palmer Community Depot, 610 S. Valley Way, Palmer, AK
